

Building  
Bytes and Bricks

Building with  
**Bytes and Bricks**

## BwBB.EU

Building with Bytes and Bricks is a Leonardo project, building a house in cyber space from 2009 to 2010.

- Follow the building and construction of a house step by step
- Find out who is responsible for which part of the house
- Look at the photos, interviews etc. with young craftsmen from Italy, Germany and Denmark
- Try an interactive 3D building tool
